# WORLD ENVIRONMENT DAY

Theme: Ecosystem Restoration

05<sup>th</sup> June, 2021

## Tree Revolution: Plantation Drive of Kevali Trees

**University of Lucknow starts tree revolution on the occasion of *World Environment Day* and propose the establishment of "*TIRTHANKAR VATIKA*" by initiating a plantation drive of *Kevali Trees* in University Campus**

Organized by  
ENVIS-RP, INSTITUTE OF WILDLIFE SCIENCES, OCAS-CAS, UNIVERSITY OF LUCKNOW, LUCKNOW

There are 24 Tirthankaras in every Chakra (specific period) of Jainism. There are 24 Tirthankars in the present Chakra, out of which 18 have been born in Uttar Pradesh. In the light of penance, all the Tirthankaras received pure knowledge (knowledge only) under the shade of some tree. Therefore, these trees under which the Tirthankaras received only knowledge are called Kevali trees in Jainism. In the present Chakra, the Kevali tree of some Tirthankaras are as follows: -Rushabhanath (Bargad tree), Ajit Nath (Chitvan, Saptaparni), Sambhav Nath (Sal), Pushpadant (Baheda),

Sheetalnath (Bel), Vasupujya (Kadamba), Vimalnath (Jamun) Ananth Nath (Peepal), Arah Nath (Mango) Mallinapath (Ashoka), Munisuvrat Nath (Champa) Naminath (Maulashree) Neminath (Bsmboo) etc. The Acharyas and Upadhyayas of Jainism believe that Kevali trees contain essence of the Tirthankaras, Hence, who so ever offer services, darshan or worship are blessed by the respective Tirthankars of the trees. On this occasion, trees like Banyan, Saptaparni, Sakhu, Bel, Kadamb, Jamun, Bamboo etc. were planted by the Honorable Vice Chancellor Prof. Alok Kumar Rai at Chandrashekhar Azad Women's Hostel.
